

Harrisville

~ Harbor Nights ~

The City of Harrisville is pleased to welcome you to our 2019 Annual Summer Concert Series. On Wednesday evenings, the harbor will once again be the stage for a wide variety of entertainment. We have several new acts and some brought back by popular demand. This is truly a “public” concert series, in that it is supported financially by the audience. The organization, promotion and technical services are provided by volunteers. Please keep this in mind when the folks are passing the hat for your donation. Your generosity is reflected in the quality of artists we are able to bring to our community. The Harrisville Harbor pavilion is the ideal setting for an enjoyable summer evening of entertainment and relaxation.

To continue to bring this type of exceptional entertainment to our area, donations are greatly appreciated.

Boogie 2 Shooz

Boogie 2 Shooz is comprised of two singers, songwriter and multi-instrumentalists, Pattie-Jean Cousens and Pamela Jenkins.

Pam and Patti-Jean first performed together in 1987 in Fort Lauderdale, Fla., while helping to organize a fundraiser for AIDS. This work led to the formation of Boogie 2 Shooz and a commitment to foster the work of women in music, while serving audiences with great sounds, energy and loads of fun.

Two unique and expressive vocal styles combine to bring torch ballads, soulful and fiery renditions of the blues, funk-flavored R & B, and lush jazz and spirited Latin to every performance of saxophones, flute, percussion, keyboards and digital music technology. Boogie 2 Shooz presents a visually, and musically exciting performance supported by a full and colorful sound.

Boogie 2 Shooz's extensive touring experiences, from festivals and cruise ships to hometown lounges and concert venues, have given them the ability to deliver diversity and insight in every show. July 31 Jon Archambault Band

The Jon Archambault Band performs music to make your soul happy and your body move! "We're not a traditional blues band by any means. Blues is our main influence, our leaping off point, but I want all of our influences to be heard in the music we make. My favorite blues artist throughout history put the best of all their influences into the music they made and created a sound that was as unique to them as a fingerprint. We combine the passion of the blues with energy of rock, the storytelling of country and the improvisation of jazz. I play music because I want to feel something, and I want the audience to feel something. If it feels good, we play it." – Jon Archambault

The band brings together some of northern Michigan's premier musicians! Combining elements of blues, jazz, funk, classic rock & roll, and instrumental music, the band's technical virtuosity and improvisational style keeps each performance fresh and exciting.

Each attention grabbing performance is charged with music that stirs the soul. Audiences experience timeless classics cast in a new light, and fresh, new original music that makes it clear you're listening to accomplished musicians performing in their prime.
